

# FORMULA RACING 1

- |                            |       |                              |       |
|----------------------------|-------|------------------------------|-------|
| 1. Copper(II) chloride     | _____ | 21. Phosphorus trichloride   | _____ |
| 2. Sodium acetate          | _____ | 22. Phosphoric acid          | _____ |
| 3. Zinc chloride           | _____ | 23. Nickel(III) phosphide    | _____ |
| 4. Arsenic pentafluoride   | _____ | 24. Disilicon hexabromide    | _____ |
| 5. Dinitrogen trioxide     | _____ | 25. Potassium nitrate        | _____ |
| 6. Hydrochloric acid       | _____ | 26. Ammonium nitrate         | _____ |
| 7. Manganese(IV) sulfate   | _____ | 27. Diselenium dibromide     | _____ |
| 8. Bromine dioxide         | _____ | 28. Hydrogen iodide          | _____ |
| 9. Iron(II) nitride        | _____ | 29. Titanium(IV) chloride    | _____ |
| 10. Arsenic trichloride    | _____ | 30. Magnesium hydroxide      | _____ |
| 11. Fluorine               | _____ | 31. Iron(II) sulfate         | _____ |
| 12. Vanadium(V) phosphate  | _____ | 32. Silver bromide           | _____ |
| 13. Carbon tetrachloride   | _____ | 33. Nitrogen dioxide         | _____ |
| 14. Silver nitrate         | _____ | 34. Oxygen                   | _____ |
| 15. Ammonia                | _____ | 35. Sodium sulfate           | _____ |
| 16. Calcium hydroxide      | _____ | 36. Carbon monoxide          | _____ |
| 17. Cobalt(III) nitrite    | _____ | 37. Titanium(IV) oxide       | _____ |
| 18. Dicarbon tetrachloride | _____ | 38. Hydroselenic acid        | _____ |
| 19. Lithium acetate        | _____ | 39. Copper(I) hydroxide      | _____ |
| 20. Zinc sulfide           | _____ | 40. Tetrasulfur tetranitride | _____ |
